✓  
Petitioner hereby disclaims the terminal part of any patent granted on this U.S. Application Serial No. 09/428,641 (the '641 application) that would extend beyond the expiration date of the full statutory term of the '608 Patent, which shall be enforceable only for and during such a period that the legal title to any patent granted on the '641 application shall be the same as legal title to the '608 Patent, this agreement to run with any patent granted on the '641 application and to be binding upon the Grantee, its successor or assigns.

Petitioner does not disclaim any terminal part of any patent granted on the '641 application prior to the expiration date of the full statutory term of the '608 Patent in the event that such patent is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

✓ Petitioner has reviewed the relevant evidentiary documents and certifies that to the best of his knowledge and belief, title is in the Petitioner seeking to take the action requested herein. ✓ The undersigned, whose title is supplied below, is empowered to act on behalf of the Petitioner.

Kindly charge the fee required in connection with this Terminal Disclaimer, estimated to be \$110.00, and any deficiencies to Deposit Account No. 19-4709. A duplicate copy of this Terminal Disclaimer is enclosed.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

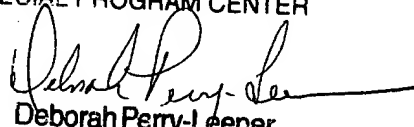

Respectfully submitted,
